Parenting Workshop

Parent Intuition: One of Your Greatest Parenting Tools

Wed., Nov., 5, 2025 | 7 pm - 8:30 pm

Parenting looks different for everyone, and what works in one family might not work in another. By trusting your intuition, you give yourself permission to make decisions that reflect your own values and goals and create a parenting approach that fits the unique needs of your family.

In this workshop, we'll discuss:

- why intuition is one of your greatest parenting tools, and
- how to combine your intuition with facts and logic to do what's best for your children
